Guideline to Lipton Trustees

These guidelines are intended to bring consistency to the process of identifying recipients of the trophy from Contests to Contest, and from one Lipton Trustee Committee/Member to another from year to year.

Recommended Process

1. Scan the fleet for entries with an apparent majority of "young" crew members
2. Determine the age of each of the crew including the skipper, but excluding any reserve (unless the reserve was taken on board as a replacement for the majority of races).
3. Excluding the oldest person, calculate the average age of the crew.
4. Exclude any entry with an average age of 20.0 years or older.

5. Unless there is an obvious case of outstanding merit, award the trophy to the entry with the highest position overall.

NOTE; It is not necessary to award the trophy in any year where, due to exceptional circumstances, this may be deemed to be more appropriate.

LIPTON GOLDEN TEAPOT

Floating Trophy awarded daily to the winner of the day's race. (If 2 races are sailed this trophy will be awarded jointly).
